## Education in England: Annual Report 2020

August 2020

EDUCATION  
POLICY  
INSTITUTE

Research Area:  
Social Mobility and  
Vulnerable Learners

## Introduction

The Education Policy Institute [Annual Report 2020](#) assesses the state of education in England – including the progress made in closing the gap in attainment between disadvantaged pupils and their peers.

The ‘disadvantage gap’ measure is a leading indicator of how the government is performing on social mobility.

This document contains all geographical data breakdowns from the 2020 Annual Report, set out in the contents below. The disadvantage gap is examined at three education phases: early years (reception year), primary school (Key stage 2) and secondary school (Key stage 4).

An interactive digital version of these data will be available on the EPI website from Wednesday 26<sup>th</sup> August.

Note: For a handful of local authorities, the legend and tables appear to disagree with the map shading. This is because unrounded data is used in the maps, but rounded data is used in the legend and table. The map displays the correct quartile based on unrounded figures. Data for the City of London and Isles of Scilly have been suppressed due to small numbers.
